

The Church early 1900s

Image of America, Erie, James B Stull for the Erie Historical Society 2011

A girl and a cat are playing in a dirt yard on Main Street on the block south of St. Scholastica's Catholic Church. This picture was likely taken in the early 1900s. Notice all of the open land west of the church; Erie High School would eventually be built in that area. (Courtesy EHS.)
